REPORT OF SUPERINTENDENT.

OFFICE OF SUPERINTENDENT OF SCHOOLS,
BLOOMFIELD, N. J., JUNE 30, 1924.

Board of Education;

LADIES AND GENTLEMEN: The annual report of the Superintendent of Schools is herewith respectfully submitted:

In recent years there has been a strong tendency to use the appeal to the eye as a basis for imparting knowledge. In accordance with this idea and as a result of a plan discussed with you about a year ago, the report this year has been prepared with this tendency in mind. The work is presented in a series of pictures representing the activities pursued in the different schools and in the different departments. Each picture has a brief description attached, indicating in which school the picture was taken and the phase of work it represents.

In a written report it is customary to state many facts or premises and draw conclusions. In this case the pictures are presented and those who inspect them left to draw their own conclusions regarding the scope and merit of the work done by our boys and girls.

We do not feel that every phase of our school activities has been represented but an attempt has been made to present what seems to us the important features.

In addition to the pictures, certain other data such as enrollment lists, graduation lists, etc., are included in the report in order to preserve intact the statistical records which have been running for a number of years. These statistics will be found quite instructive to those interested in studying the growth and development of our school system for the last two decades or more.

In closing this brief explanation, I wish to express my sincere appreciation of the co-operation accorded me during the year and in carrying out this project, by teachers, principals and supervisors.

I wish also to thank most heartily the members of the Board of Education for the splendid support accorded me in carrying on the work of the year.

RULES AND REGULATIONS.

Elementary Schools, 8:45 to 12:00 M.
1:15 to 3:15 P. M.

Morning Recess 10 minutes.

Kindergartens, 8:45 to 11:20 A. M.
1:15 to 2:30 P. M.

High School, 8:15 to 1:30 P. M.

School doors open 20 minutes before the school sessions begin and close 30 minutes after school is dismissed in the afternoon. From December 1 to March 30, the buildings are open during the noon hours.

The Superintendent of Schools may order half-day sessions because of weather conditions.

Excuses for absence or tardiness must be signed by the parent or guardian, and state that the absence or tardiness was with the knowledge and approval of the signer or the equivalent. All lessons may be counted zero until made up in a manner satisfactory to the teacher. No lesson may be made up until an excuse has been accepted.

No charitable appeals may be laid before any class.

No person may visit any school or class to see any teacher or pupil upon personal business of any kind.

The schools are always open to the inspection of the public, and parents and citizens are cordially invited to visit them at any time.

Teachers are to be present at school 20 minutes before school opens and 30 minutes after school closes.

Evening School teachers are to be present in classroom 5 minutes before school begins.

Teachers may visit two days each year such schools as they may arrange with their superior officers, and report in writing. In addition, teachers may be absent on account of sickness three days in the year without deduction of compensation.

Full deduction of salary is to be made for absence for reasons other than personal illness or death in the immediate family.

Full pay will be deducted for absence occurring on the day before or the day following any vacation period, except as provided for above.

All claims regarding absences must be presented in writing to the Secretary of the Board of Education within one week from the date of the teacher's return to school.

Special cases may be referred to the Board of Education.

The compensation of substitutes is \$4.00 per school day in Grades I to VIII, also in the Kindergarten, and \$5.00 in Grades IX to XII.

Principals will report in writing, monthly or oftener, failures of specialists or class teachers to be present upon the time set in these schedules and rules.

The duties of teachers include required attendance at school, grade, special and general meetings, not exceeding five in any one month. The duties of principals and specialists include required attendance at all meetings designated by the school authorities. Teachers and principals should visit the pupils' homes in the performance of their educational obligations to circumvent truancy, to quarantine cases of suspected disease, and to consult parents in their children's interests. The results of such visits, when unsatisfactory or otherwise noteworthy, are reported in writing to the proper authorities.

Tuition for non-residents shall be as follows:

High School, \$120 per year.

Grammar Grades, \$50 per year.

Primary Grades, \$25 per year.

JANITORS.

- To be in building at 7 A. M., or as much earlier as may be necessary to have the building ready for school, and to remain as long as there are teachers or pupils in the building, except that a janitor shall not be requested to remain later than six o'clock. The lunch period of the janitor will be arranged with the principal.
- To take charge of the buildings during noon hour except when otherwise arranged with the principal.
- To leave the buildings during school hours only with consent of the principals.
- To sweep every room and hall every afternoon.
- To empty all waste baskets every day.
- To dust every room every morning before 8:30.
- To clean thoroughly every blackboard once a week.
- To clean every window inside and out three times each year.
- To rake the yards and to keep them clean.
- To keep the lawns mowed.
- To clear the sidewalks immediately after snowfall.
- To fill all inkwells once a week and to clean them every fourth Saturday.
- To visit each building in the care of the heating as late at night and as early in the morning as is found necessary to get the rooms heated properly before the opening of school.
- To report pupils to principals for discipline when necessary.
- To allow no pupils in or about the buildings until 20 minutes before the opening of school and after school has been closed for a half hour, unless accompanied by teachers, except in cases of extreme cold or storm and except when games are being conducted on the basketball courts.
- To allow no loitering of pupils or others in groups about the grounds at any time, but to allow playing as instructed by the principal.
- In bad weather the janitors may open the doors twenty minutes earlier than the usual time.
- To make repairs at the request of principals.
- To report all needed supplies to the principals in good season.
- In addition to observing the above duties a janitor is at all times to consider himself under the general direction of the Principal of the building and the Superintendent of Schools.
